

# ART AND DESIGN, ASSOCIATE OF APPLIED SCIENCE

---

The Art and Design technical curriculum is designed to provide basic preparation for entry-level employment within the greater design industry. The program will develop basic skills across a variety of design concepts and applications, including design communications, digital media, web design, photography, and video.

\*\*\*Those students interested in transfer degrees in Art and Design should visit the the Fine Arts, Associate of Arts (<https://publications.sanjac.edu/areas-study/arts-humanities-communications-design/fine-arts-aa/>) page.

## Associate of Applied Science Degree

The Associate of Applied Science (AAS) degree is for students who want to earn a two-year degree while preparing for jobs in the design industry. Building off the Certificate of Technology, students will complete additional courses in drawing, design, and art history to further strengthen their skillset.
