

ART AND DESIGN, CERTIFICATE OF TECHNOLOGY

The Art and Design technical curriculum is designed to provide basic preparation for entry-level employment within the greater design industry. The program will develop basic skills across a variety of design concepts and applications, including design communications, digital media, web design, photography, and video.

***Those students interested in transfer degrees in Art and Design should visit the the Fine Arts, Associate of Arts (<https://publications.sanjac.edu/areas-study/arts-humanities-communications-design/fine-arts-aa/>) page.

Certificate of Technology

This Certificate of Technology is designed to meet the needs of students who desire to enter the design workforce with a more developed skillset. Building off the Occupational Certificate, students will complete additional courses in design communications, animation, and portfolio development. All courses required for the Certificate of Technology may be used in completing the Art and Design Associate of Applied Science (AAS) degree.
