Plan of Study (Degree Plan) Plan of Study (Degree Plan)

1COMM

Students who know the university to which they want to transfer to pursue a related bachelor's degree should use the appropriate transfer plan for the university listed on the Transfer Plans (MAPS) page from the tab above.

This plan of study is intended only for students who do not yet know the university to which they want to transfer or for students who do not currently plan to transfer after earning their associate degree.

MATH 1324 Mathematics for Business and Social Sciences, MATH 1325 Calculus for Business and Social Sciences, and MATH 1332 Contemporary Mathematics (Quantitative Reasoning) do not meet the requirements for students pursuing mathematics or science.

Students must be simultaneously co-enrolled in the co-requisite science lab.

BIOL 1308 Biology for Non-Science Majors I (lecture), BIOL 1309 Biology for Non-Science Majors II (lecture) and CHEM 1305 Introductory Chemistry I (lecture), and GEOL 1301 Earth Sciences for Non-Science Majors I (lecture) do not meet the requirements for science majors.

BIOL 2301 Anatomy and Physiology I (Lecture) and BIOL 2302 Anatomy and Physiology II (Lecture) are designed for allied health majors and not for academic transfer as science majors.

Students who have taken GOVT 2301 or GOVT 2302, but not both, should check with a Program Advisor on how to complete the 6 SCH.

If a student successfully completes San Jacinto College's 42-hour Core Curriculum, that block of courses must be substituted for the receiving institution's Core Curriculum. The receiving institution may not require a student to take additional Core Curriculum courses to meet the requirements of the Core. Students who transfer without completing the Core Curriculum shall receive academic credit in the Core Curriculum of the receiving institution for each of the courses the student has successfully completed in the San Jacinto College Core

Curriculum. Students should plan Core Curriculum courses that would meet baccalaureate degree requirements at the four-year institution.
