Four-year and upper-level colleges and universities offer majors within the baccalaureate degree. San Jacinto College offers many courses in the transfer path that would meet the requirements of a major. Students may prepare to transfer to a particular program at an upper-level institution by either:

- Completing the 42-semester credit hour (SCH) core curriculum and an 18-hour transfer path, or
- Selecting courses as specified in the transfer plans developed by San Jacinto College in cooperation with upper-level institutions to which students transfer.

Those plans, which are available in the Educational Planning, Counseling, & Completion office on each campus as well as on the Transfer Plans tab for each Associate of Arts (AA) program page, are designed to prepare students to transfer to a particular four-year or upper-level college or university by specifying the courses required to complete the first two years of a baccalaureate degree in a particular major. Students choosing to pursue an AA degree should select from among the General Studies, Social and Behavioral Sciences, Business Administration, Fine Arts, or Communications programs.
