

BUSINESS, ASSOCIATE OF APPLIED SCIENCE

Overview

The Business Associate of Applied Science is a degree that combines two paths in one degree: Business Management and Accounting. The path the student chooses determines the specialization for the degree.

Business Management Specialization

The business environment is constantly changing; therefore, effective and efficient management requires learning and applying the latest techniques in management to advance your career and become a more valuable manager in the organization. As a graduate of the San Jacinto College Business Management specialization, you will be prepared to assume first-line supervisory positions in business organizations of every type. You will also be on a career track to higher levels of management as your experience grows in applying the concepts and techniques learned at San Jacinto College.

Upon completion of the Business AAS, Business Management specialization degree, students should be able to find entry-level employment in:

- Retail
- Wholesale
- Manufacturing
- Materials management
- Distribution
- Governmental agencies
- Nonprofits
