

HEAVY DIESEL TRUCK, CERTIFICATE OF TECHNOLOGY

Information

The Heavy Diesel Truck Certificate of Technology focuses on the technical training required to enter the field of diesel technology in the repair and maintenance of over-the-road, heavy-duty diesel trucks. Topics of study will focus on the knowledge and technological skills students need to obtain entry-level employment.

Students enrolling into San Jacinto College programs with external learning experiences (i.e., clinical, practicum, externship, cooperative, etc.) will be required to comply with the immunization requirements and policies of the clinical/external learning sites to engage in all clinical/external learning experiences. Vaccination requirements at clinical/external learning sites are implemented pursuant to the independent authority of such facilities and are not mandated by San Jacinto College. Failure to meet the immunization requirements mandated by clinical/external learning sites may limit a student's ability to complete the program and/or may delay the student's graduation date. San Jacinto College does not process exemptions, and students should address potential vaccination exemptions directly with the clinical/external learning site.
