

HEALTH SCIENCE PHARMACY TECHNICIAN PATHWAY, ASSOCIATE OF APPLIED SCIENCE

Program Information

The Associate of Applied Science (AAS) in Health Science Pharmacy Technician Pathway is a career path for people who have completed the Pharmacy Technician Program.

The 60-semester credit hour degree is designed for health science pharmacy technician professionals to meet continuing education goals, transfer into four-year university health care administration or allied health programs, and to attain possible promotion from entry-level to advanced-level clinical positions.

Career Outlook Pharmacy Technician

Employment of pharmacy technicians is expected to increase by over 21 percent from 2022-2032, which is much faster than the average for all occupations. This demand will be due to the expansion of retail pharmacies, the increased number of middle-aged and elderly people, and the increasing roles and responsibilities of pharmacy technicians.

Graduates of the Pharmacy Technician program can work as technicians in:

- Hospitals,
- Nursing homes,
- Retail,
- Home health care, and
- Public and government health agencies.

Pharmacy Technician: \$45,646 per year¹

Information

The Associate of Applied Science (AAS) in a Health Science concentration is a career path for persons who have completed the following certificate programs: Medical Assisting, Pharmacy Technician, or Vocational Nursing. The 60 semester credit hour degrees for these programs are designed for health science professionals to meet education goals, to transfer into four-year university health care administration or health care service programs, and to attain possible promotion from entry-level to more advanced level office positions.

Students enrolling into San Jacinto College programs with external learning experiences (i.e., clinical, practicum, externship, cooperative, etc.) will be required to comply with the immunization requirements and policies of the clinical/external learning sites to engage in all clinical/external learning experiences. Vaccination requirements at clinical/external learning sites are implemented pursuant to the independent authority of such facilities and are not mandated by San Jacinto College. Failure to meet the immunization requirements mandated by clinical/external learning sites may limit a student's ability to complete the program and/or may delay the student's graduation date. San Jacinto College does not process exemptions, and students should address potential vaccination exemptions directly with the clinical/external learning site.
