

# MEDICAL IMAGING, MAMMOGRAPHY, ENHANCED SKILLS CERTIFICATE

---

## Minimum Program Admission Criteria

Applicants must be American Registry of Radiologic Technologists (ARRT) registered in Radiography and hold a Texas Medical Board Medical Radiologic Technologist License. The applicant must complete and submit an application to the Program Coordinator or Medical Imaging department. Provisional acceptance into the Mammography program is determined after review of the application and completion of requirements. After provisional acceptance, the applicant must also submit required health records, proof of health insurance, CPR certification (American Heart Association-Health Care Provider), criminal background check and drug screen as stated for all Medical Imaging students. Students may reference the paragraph below for full explanations. Full acceptance into the Mammography program is determined after successful completion of physical, background, and drug screen, and submission of all required records (immunization, health insurance, CPR, certifications, and license). Prospective participants should call the Medical Imaging department at 281-476-1871 for additional information.

Students selected for any of the Medical Imaging programs are required to submit a physical exam upon provisional acceptance to the program and will be directed with instructions on where to complete and submit all the items listed below.

The physical exam must be consistent with the requirements of the teaching hospitals and agencies the student is assigned during clinical assignments and the performance standards required to function as a student imaging technologist. The exam will also include documentation of any communicable diseases along with immunity to Rubella, Measles, Mumps, Varicella, and Hepatitis B. Completion of an updated Tetanus, an annual TB screening and a current seasonal flu vaccine is required. In addition to meeting all other requirements, students entering a Medical Imaging program will be required to submit a criminal background check and drug and alcohol screening completed by designated companies, show proof of health insurance, and CPR (American Heart Associate-Health Care Provider) certification.
