## Program Information

The Medical Laboratory Assistant (MLA) program at San Jacinto College will help you learn the skills you need to work in this critical health care position. With our certificate program, you are trained to be part of the clinical lab team collecting, labeling and processing specimens, recording information, as well as maintaining equipment.

You'll enjoy classes and labs as well as on-site experience at our affiliate hospital sites. After completing the one-year certificate, you'll be eligible to apply to take the national certification examination given by the American Medical Technologists (AMT).

## Career Opportunities

Job opportunities for graduates of the MLA program include but are not limited to:
