

NURSING, LVN/PARAMEDIC TO RN TRANSITION NURSING, ASSOCIATE OF APPLIED SCIENCE

Admission

Associate Degree Nursing Program South Campus

The Associate Degree Nursing (ADN) Transition program is a career transition opportunity for licensed vocational nurses (LVN) and paramedics who desire to continue their education. It is a program designed to meet the unique learning needs of the LVN and paramedic. It can be completed in four terms. Successful completion of the ADN program by these students will qualify graduates to apply for the National Counsel Licensure Examination for Registered Nurse (NCLEX-RN).

In accordance with Texas House Bill 1508, the College informs all students in this program who may have a criminal background that a criminal history could keep graduates from being licensed by the state of Texas. Students with any questions about their background and licensure may speak with the Department Chair.

Students enrolling into San Jacinto College programs with external learning experiences (i.e., clinical, practicum, externship, cooperative, etc.) will be required to comply with the immunization requirements and policies of the clinical/external learning sites to engage in all clinical/external learning experiences. Vaccination requirements at clinical/external learning sites are implemented pursuant to the independent authority of such facilities and are not mandated by San Jacinto College. Failure to meet the immunization requirements mandated by clinical/external learning sites may limit a student's ability to complete the program and/or may delay the student's graduation date. San Jacinto College does not process exemptions, and students should address potential vaccination exemptions directly with the clinical/external learning site.

Applications for entry into the program are accepted each year in the fall and spring. For dates, students may see the LVN/Paramedic to RN Transition Nursing page on the San Jacinto College ADN webpage (<https://www.sanjac.edu/programs/areas-of-study/health/nursing/>).

Requirements

Students applying for admission to the ADN Transition program must submit the following items:

1. A recent application for San Jacinto College via the website at <https://www.sanjac.edu/> (<https://www.sanjac.edu/admissions/>)

2. Application for the Associate Degree Nursing Transition Program (provided online) during the application period.

3. Application Periods.

The ADN Transition program accepts applicants twice a year (spring and fall). Students may obtain the admission application and specific application periods on the ADN webpage (<https://www.sanjac.edu/programs/areas-of-study/health/nursing/>).

Students are strongly encouraged to contact a Program Advisor at the Advising, Career, and Transfer office to assist in the San Jacinto College and ADN Admissions process. Students may contact 281-998-6150 to schedule an appointment.

4. Selection criteria.

Students should submit all required documents in one packet prior to the last day of the application period. Students who apply for admissions to the ADN Transition program will be selected on the basis of the highest score on the admissions rubric. The rubric components can be found on the ADN website (<https://www.sanjac.edu/programs/areas-of-study/health/nursing/>). Meeting minimum admissions requirements does not guarantee program admission.

5. Code of Conduct.

All students admitted to the ADN Transition program are expected to maintain the highest personal and professional standards of conduct in class and clinicals in accordance with the College Student Handbook (<https://publications.sanjac.edu/student-handbook/>), the Nursing Department Student Handbook, and clinical facility policies and procedures, which are used as extended campus sites. Any information indicating that such standards are not adhered to is subject to review by the Department Chair, and/or members of the nursing department faculty, and may result in a recommendation to the College for dismissal from the program.

6. Official Transcripts must be submitted with the application packet.

- a. Applicants must submit current official transcripts from all colleges previously attended. Transcripts should be sent electronically to Admissions. Transcripts should be requested as soon as possible. Applicants are encouraged to begin accessing their transcripts early in the application process to ensure that all required documents are available for review. All course work taken outside of San Jacinto College is required to be evaluated for transfer of credits towards the ADN Transition AAS degree.
- b. The College requires a minimum cumulative GPA of 2.5.
- c. Students must submit copies of all official transcripts from other colleges. San Jacinto College students must include a copy of an unofficial transcript from SOS at <https://www.sanjac.edu/soslogin/>.

7. ATI TEAS EXAM

Applicants seeking admissions must take an official Nursing Admissions Assessment Exam (ATI TEAS). TEAS exam will cover reading, math, science, English and language usage. THE ATI TEAS exam may only be taken twice (test and a retake) per application period. Waiting period between the test and retake is recommended to be 30 days. Students should request official test scores as soon as possible. After placing an order for official TEAS transcript, transcripts are sent to the school administrator. The first transcript ordered is free. Additional transcripts

will cost \$15.00 each. Students may visit the LVN Paramedic to RN Transition Nursing website (<https://www.sanjac.edu/programs/areas-of-study/health/nursing/>) for more information and testing dates that are available on the South campus.

8. Criminal Background Check through the Texas Board of Nursing.

All applicants are required to complete a criminal background check (CBC) as part of the application/admissions process. According to the Texas Board of Nursing (BON) effective Jan. 1, 1996, a person who has been convicted of a felony that relates to the duties and responsibilities of a licensed registered nurse may be disqualified from obtaining licensure as a licensed registered nurse (213.28 Board of Nurse Examiners for the State of Texas, Rules and Regulations, Sept. 2004). For further inquiry, the applicant should directly contact the Texas BON. Applicants will provide permission and complete the Texas Board of Nursing's CBC upon acceptance into the program. Applicants will be required to submit a blue card or decision letter to confirm admission and progression into the program.

9. Completion of Background Check and Drug Screen in CastleBranch.

Upon acceptance into the program, applicants will be required to purchase a package with CastleBranch, a document tracker used for clinical compliance. The procedure for completing the criminal background check and drug screen requirements can be found on the ADN Transition webpage (<https://www.sanjac.edu/programs/areas-of-study/health/nursing/>).

10. Clinical Requirements.

Evidence of completing the American Heart Association (AHA) CPR and Immunization requirements must be uploaded to the CastleBranch website. Students may see the ADN webpage (<https://www.sanjac.edu/programs/areas-of-study/health/nursing/>) for additional information regarding the required process. Requirements with time frames that need recertification or renewal must be kept current until the last day of each semester.

Students are responsible for maintaining the following:

- a. CPR - from the American Heart Association Health Care Provider (online courses are not accepted); Copy of CPR Card to be uploaded to CastleBranch;
- b. Measles, Mumps, and Rubella (MMR) with proof of a positive titer;
- c. Varicella Immunization with proof of a positive titer;
- d. Hepatitis B with proof of a positive titer;
- e. Hepatitis C with proof of a negative antibody test;
- f. Tdap (Tetanus, Diphtheria and Pertussis) within the last 5 years;
- g. Seasonal Flu vaccination, due annually each August;
- h. TB Skin Test (within 12 months); Chest X-Ray, Quantiferon

The Texas Administrative Code Rule 97.64 states that enrolled students may not participate in course work activities, including direct patient contact, until full vaccination series have been completed. Titers for MMR, Varicella, and Hepatitis B and Hepatitis C are required to be on file in the student's record prior to clinical rotations. Clinical Affiliates may

request additional components. Applicants must pass the drug screen and background check to be considered for progression into the program.

11. Physical Examination is required.

Evidence of physical and emotional fitness upon admission and throughout the program is expected and is subject to review by the ADN Transition department and medical opinions or policy of hospital/agencies that are used as extended campus sites for assigned educational experiences.

After the College selects and accepts a student into the program, the student must pass a physical examination prior to entry into the ADN Transition program. Students may schedule physical exams with a healthcare provider with forms issued by the ADN Transition program. The physical examination must demonstrate that the student is physically and emotionally fit to meet all requirements of direct patient care without any limitations and is free from all communicable diseases.

Nursing - Associate Degree Nursing Transition Program

Application Requirements:

- Licensed Vocational Nurse (LVN) or Paramedic License
- Current Active CPR BLS/ACLS from the American Heart Association
- Copies of official transcripts from all institutions
- Unofficial San Jacinto transcript
- GPS Report after transcript evaluation is complete
- ATI TEAS EXAM result
- Cumulative GPA of 2.5 or higher
- Successful completion of pre-requisite courses (minimum grade of C):

Code	Title	Credits
ENGL 1301	Composition I	3
ENGL 1302	Composition II	3
or ENGL 2311	Technical and Business Writing	
MATH 0314	Algebraic Foundations	3
or MATH 1342	Elementary Statistical Methods (Statistics)	
PSYC 2301	General Psychology	3
PSYC 2314	Lifespan Growth and Development	3
BIOL 2301	Anatomy and Physiology I (Lecture)	3
BIOL 2101	Anatomy and Physiology I (Lab)	1
BIOL 2302	Anatomy and Physiology II (Lecture)	3
BIOL 2102	Anatomy and Physiology II (Lab)	1
BIOL 2320	Microbiology for Health Science Majors (lecture)	3
BIOL 2120	Microbiology for Health Science Majors (lab)	1
	Creative Arts (Fine Arts)	3

Additional Links

All required documents for application to the program must be submitted as a complete packet. Draft submissions will not be processed. Complete applications must be submitted prior to the end of the application period. Late applications will not be accepted. All complete applicants will be

notified of admissions status by email used on application. Acceptance by application to the program is not guaranteed.

Please note: Information Sessions are offered throughout each application period. Attendance is highly encouraged, though not mandatory. Registration for the virtual session is required, as links are provided via email.

The Licensed Vocational Nurse (LVN)/Paramedic to Associate Degree Nursing (ADN) Transition Associate of Applied Science (AAS) degree is a technical program designed to advance skills, earn academic credit, and gain eligibility to sit for the NCLEX-RN.

Requirements are subject to change in accordance with the policies and procedures of San Jacinto College District, and in meeting the state licensing standards set by the Texas Board of Nursing and the Accreditation Commission for Education in Nursing.

Contact Information: If an applicant has questions, please allow 24-48 hours for a reply.

Phone: 281-998-6150, x3315
