

OCCUPATIONAL THERAPY ASSISTANT, ASSOCIATE OF APPLIED SCIENCE

Program Information

For more information on program accreditation, students may see the San Jacinto College Occupational Therapy Assistant webpage (<https://www.sanjac.edu/programs/areas-of-study/health/ota/>).

Showing compassion and patience are strengths of those who choose occupational therapy for a career. You will assist patients to develop, recover, and improve skills for daily living.

As an Occupational Therapy Assistant (OTA), you will work under the direction and supervision of an Occupational Therapist in a variety of settings and situations from adults recovering from a stroke, to children and young adults with developmental disabilities. Patients and their needs are widely varied and each day holds new, rewarding challenges.

The San Jacinto College Occupational Therapy Assistant program:

- Includes three Level I fieldwork experiences over the span of three semesters in the areas of pediatrics, mental health, and physical disabilities. In the final semester, students complete Level II fieldwork, which consists of two 8-week rotations in pediatrics or physical disability areas;
- Consists of 60 credit hours; 20 credit hours are prerequisites and 40 credit hours of core courses; and
- Upon completion of the program, students will be prepared to test for the National Board of Certification in Occupational Therapy (NBCOT) to become a Certified Occupational Therapy Assistant (COTA).

OTAs work in a variety of settings including, but not limited to: hospitals, pediatric clinics, skilled nursing facilities, home health, and school systems.
