Verification of workplace competencies.

Upon completion of the program, the student receives the Associate of Applied Science degree and is eligible to take the National Certification Examination to become a Certified Surgical Technologist.

Students who have already completed BIOL 2301, BIOL 2101, BIOL 2302, and BIOL 2102 may use this combination instead of BIOL 2404.

Students must earn a C or better in all courses in the plan of study; the student will not be permitted to continue or to graduate from the program until all courses reflect that a grade of C or above has been earned.
