

FIREFIGHTING, CERTIFICATE OF TECHNOLOGY

Information

The Fire Protection Technology program at San Jacinto College offers two different educational programs for aspiring and current firefighters.

For aspiring firefighters, the College offers the Firefighter Training Academy. The academy meets and exceeds all state requirements for paid/career firefighters. Students seeking an entry-level firefighter position should begin here with further information below regarding the Firefighter Training Academy.

For academy graduates and current firefighters, the College offers an Associate of Applied Science (AAS) degree in firefighting. This program provides additional fire-related education and certification opportunities as well as courses in general education.

Students in the Fire Protection Technology program must be potentially eligible to participate in certification examinations for firefighters upon successful completion of the prescribed course work. An applicant who has been convicted of a felony, implicated in substance abuse, or involved in activities considered inappropriate by the Texas Commission on Fire Protection may be ineligible to participate in the certification examination. Such an applicant should contact the Texas Commission on Fire Protection in Austin, Texas, for guidance in petitioning the Commission for a decision of eligibility. A copy of the Commission's statement of eligibility should be submitted to San Jacinto College's Fire Protection Technology Chief Training Officer.

Firefighter Training Academy

The following courses meet and exceed the Texas Commission on Fire Protection's curriculum requirements for Basic Fire Suppression Certification. Students who are not currently certified as an Emergency Medical Technician–Basic or higher will also need to complete the Emergency Medical Technician–Basic course. Students may contact the Fire Protection Technology program at 281-476-1834 for further information.

Code	Title	Credits
FIRS 1301	Firefighter Certification I	3

FIRS 1423	Firefighter Certification V	4
FIRS 1329	Firefighter Certification VI	3
FIRS 1433	Firefighter Certification VII	4
Total Credits		24

Academy Information

New academy classes begin during summer and fall semesters. Students may contact the Fire Protection Technology office for specific schedules and registration information. The College suggests that students contact the Fire Protection Technology office a term in advance of anticipated enrollment, as classes fill quickly.

Firefighter Training Academy cadets must undergo a medical examination and physical performance test as defined in NFPA 1582, and submit approval documentation to the program's Chief Training Officer. Students not completing, or failing, the medical examination are not eligible to continue in the academy and will be withdrawn. Students failing the medical examination or the physical performance test will be eligible for a 100 percent refund in accordance with the current refund policy if officially withdrawn in the College Registrar's office on or before the 12th class day.

Administrative withdrawal from any San Jacinto College course due to disciplinary action shall result in administrative withdrawal from the Firefighter Training Academy.

Certification Information

San Jacinto College Fire Protection courses fulfill the educational requirements for numerous fire service certifications. Students may contact the Fire Protection Technology program on the Maritime campus for specific information.
