Capstone Experience: DFTG 2386 Internship-Drafting and Design Technology/Technician or DFTG 2338 Final Project - Advanced Drafting

¹ The course selected to satisfy the Capstone Experience (DFTG 2386 Internship-Drafting and Design Technology/Technician or DFTG 2338 Final Project - Advanced Drafting) can only be taken during, or after, the term in which the last required engineering design graphics courses are completed.

Courses may be applied to earn the Certificate of Technology, then the Level 2 Certificate, and finally the Associate of Applied Science (AAS) degree.

Courses do not have to be taken in this order unless a course has a prerequisite.

For the eight (8) semester credit hours of the Second Year/First Term, students follow one (1) of the three (3) specializations: Architectural/Civil/Structural Specialization, Mechanical Specialization or Energy/Industrial Specialization taking the courses listed under each specialization below this Plan of Study.

For the four (4) semester credit hours of the Second Year/Second Term, students follow one (1) of the three (3) specializations: Architectural/Civil/Structural Specialization, Mechanical Specialization or Energy/Industrial Specialization taking the courses listed under each specialization below this Plan of Study.
