SOCIAL AND BEHAVIORAL SCIENCES, ASSOCIATE OF ARTS

Understanding the Why

A degree within the Social and Behavioral Sciences allows you to study the *why* behind complex thought processes, learned behaviors, ancient and modern cultural differences, political science, and philosophical reasoning.

Students will learn to thoroughly examine and apply their own interpretations using the theories and research these courses have to offer. The critical thinking, theory application, and social observation skills learned in Social and Behavioral Sciences courses can be applied to a number of outside courses, making a degree in Social and Behavioral Sciences an excellent foundation to a number of disciplines.

Information

Four-year and upper-level colleges and universities offer majors within the baccalaureate degree. San Jacinto College offers many courses in the transfer path that would meet the requirements of a major. Students may prepare to transfer to a particular program at an upper-level institution by either.

- Completing the 42-semester credit hour (SCH) core curriculum and an 18-hour transfer path, or
- Selecting courses as specified in the transfer plans developed by San Jacinto College in cooperation with upper-level institutions to which students transfer.

Those plans, which are available in the Center for Advising, Career, and Transfer office on each campus as well as on the Transfer Plans tab for each Associate of Arts (AA) program page, are designed to prepare students to transfer to a particular four-year or upper-level college or university by specifying the courses required to complete the first two years of a baccalaureate degree in a particular major. A complete list of all transfer plans is located on the Transfer Plans A-Z page (https://publications.sanjac.edu/transfer-plan-maps/). Students choosing to pursue an AA degree should select from among the General Studies, Social and Behavioral Sciences, Business Administration, Fine Arts, or Communications programs.

Plan of Study (Degree Plan)

1SOC-BEHV

Students who know the university to which they want to transfer to pursue a related bachelor's degree should use the appropriate transfer

plan for the university listed on the Transfer Plans (MAPS) page from the tab above.

This plan of study is intended only for students who do not yet know the university to which they want to transfer or for students who do not currently plan to transfer after earning their associate degree.

SGNL 1401	Beginning American Sign Language I	
SGNL 1402	Beginning American Sign Language II	
SPAN 1411	Beginning Spanish I	
SPAN 1412	Beginning Spanish II	
SPCH 1311	Introduction to Speech Communication	
SPCH 1315	Public Speaking	
SPCH 1318	Interpersonal Communication	
SPCH 1321	Business and Professional Speech	

Total Credits

MATH 1324 Mathematics for Business and Social Sciences, MATH 1325 Calculus for Business and Social Sciences, and MATH 1332 Contemporary Mathematics (Quantitative Reasoning) do not meet the requirements for students pursuing mathematics or science.

² Students must be simultaneously co-enrolled in the co-requisite science lab.

BIOL 1308 Biology for Non-Science Majors I (lecture), BIOL 1309 Biology for Non-Science Majors II (lecture) and CHEM 1305 Introductory Chemistry I (lecture), and GEOL 1301 Earth Sciences for Non-Science Majors I (lecture) do not meet the requirements for science majors.

BIOL 2301 Anatomy and Physiology I (Lecture) and BIOL 2302 Anatomy and Physiology II (Lecture) are designed for allied health majors and not for academic transfer as science majors.

Students who have taken GOVT 2301 or GOVT 2302, but not both, should check with a Program Advisor on how to complete the 6 SCH.

If a student successfully completes San Jacinto College's 42-hour Core Curriculum, that block of courses must be substituted for the receiving institution's Core Curriculum. The receiving institution may not require a student to take additional Core Curriculum courses to meet the requirements of the Core. Students who transfer without completing the Core Curriculum shall receive academic credit in the Core Curriculum of the receiving institution for each of the courses the student has successfully completed in the San Jacinto College Core Curriculum. Students should plan Core Curriculum courses that would meet baccalaureate degree requirements at the four-year institution.

If you do not see your transfer school, please follow the Plan of Study. (p. 1) For more information, contact an Admissions Advisor. Please speak to an advisor at San Jacinto College and the transfer institution to ensure this Transfer Plan is accurate and complete. For a list of all MAPs, students may go to Transfer Plans A-Z (https://publications.sanjac.edu/transfer-plan-maps/). Students may filter for specific universities, disciplines, or degrees, and print individual MAPs.
