Information

Four-year and upper-level colleges and universities offer majors within the baccalaureate degree. San Jacinto College offers many courses in the transfer path that would meet the requirements of a major. Students may prepare to transfer to a particular program at an upper-level institution by either:

- Completing the 42-semester credit hour (SCH) core curriculum and an 18-hour transfer path, or
- Selecting courses as specified in the transfer plans developed by San Jacinto College in cooperation with upper-level institutions to which students transfer.

Those plans, which are available in the Center for Advising, Career, and Transfer office on each campus as well as on the Transfer Plans tab for each Associate of Arts (AA) program page, are designed to prepare students to transfer to a particular four-year or upper-level college or university by specifying the courses required to complete the first two years of a baccalaureate degree in a particular major. Students choosing to pursue an AA degree should select from among the Sociology, Social

and Behavioral Sciences, General Studies, Business Administration, Fine Arts, or Communications programs.
