Completing the Online Application for Admission
Applicants must apply for admission at www.applytexas.org (http://www.applytexas.org). During the application process, students will be asked questions about their name, home/current residence, mailing address, personal information, program of study (major), high school information, any previous colleges attended and degrees awarded, and residency. Students must also acknowledge that they have read and answered accurately all areas of the application.

The application must be complete and submitted before the College can process it. The College will process the application within 48 business hours after it is submitted. To be sure that the College received the application, students must see the confirmation notice that appears after submitting the application. After the College processes the application, students will receive information sent to the email address they submitted on the application. The information in the email includes next steps for admission and is extremely important. Students must read and comply with any instructions or requests.

Admission is invalid if granted on the basis of incorrect information, omitted facts, or falsified documents which, if known, would have caused the applicant to be ineligible for admission or financial aid. These actions may result in disciplinary action.

Transcripts for Admission
Students are required to submit all official high school and/or college transcripts. Transcripts are considered official when they bear the signature of the registrar or some other appropriate school official as well as the seal of the issuing school, the high school graduation date, and are mailed or submitted from the sending institution. Transcripts are also considered official if hand carried in a sealed envelope from the institution and submitted within 60 days of issue.

Transcripts become the property of San Jacinto College and cannot be returned to the student. The College will keep transcripts on file for 90 days after the end of the term in which the transcript was received and will destroy the transcripts if the student has not enrolled.

Evaluation of Transcripts for Transfer Students
Students may request the College to conduct a course-by-course evaluation of official transcripts from regionally accredited colleges and universities or a college or university that has been approved by committee review. For a list of regional accrediting agencies, students may refer to the Transfer Credit section of the catalog. To request an evaluation, students may call 281-998-6150 or contact the campus Admissions or Educational Planning, Counseling, & Completion Office. Transcripts must be received and on file by the College before students submit the Transcript Evaluation Form.

When the evaluation is completed, the student will be notified via his or her College email account after which the student may view the equivalent courses by going to SOS, clicking Student Records, and then clicking Unofficial Transcript.

The College evaluates credit from transfer institutions on quarter hours using a ratio of .667 quarter hours to 1 semester hour. The College will evaluate credit from transfer institutions on other calendar types using an appropriate ratio.

Evaluation of Transcripts from Other Countries
Transcripts that reflect completed course work from colleges or universities in other countries must, at the student’s expense, have a course-by-course evaluation completed by a professional evaluation service. Students may access a list of pre-approved agencies at www.sanjac.edu/transfer-evaluation-services (http://www.sanjac.edu/transfer-evaluation-services/).

The college will review the evaluation upon request for acceptance before credit will be posted. The College will provide only general credit for course work completed in a language other than English. Equivalency will need to be determined at the department level.
